Solicitor Semanchik explained that he was contacted by Justin DeAngelo of Blythe Township Municipal Authority to inform the Township that the hydrant at the intersection was hit by a vehicle; they're scheduling to fix it within the next week or so. *Steve Burgoon, 364 Valley Road – Asked why Comcast has not provided service to the residents of Mackeysburg. Solicitor Semanchik states that this was discussed by the Board and it was agreed that since the representative of Comcast stated several times during her attendance at past Township meetings that all residents of Cass Township would have the opportunity to be provided Comcast services should they decide they want it - and the funding for the project was provided by State and Federal grants – he will be asking the Board to take action to authorize him to file a formal complaint with Comcast in an effort to get them to complete the project because there are other residents in the same situation. Sorokach responds that Valley Road is a State Highway; PennDOT is responsible for the paving of it not the Township, but he will ask around to see if there are any plans for it. Mr. Osatchuck then asks about biosolids being dumped within the Township. After a lengthy discussion among Board members and the audience which confirmed that they are being brought in on trucks and dumped on Reading Anthracite Company property, Solicitor Semanchik states that he will check with DEP to make sure all permits are in place.*
